or bring it to any of the board meetings. Thank you!

===== cut along dashed line ===== cut along dashed line =====

The Two Trackers Four Wheel Drive Club, Inc. is a membership run, non-profit organization. The Club is managed by an elected Board of Directors. Elections are held just prior to the annual term which runs from March through February. The Board's actions represent what they believe to be in the best interest of the Club and come from the feedback presented at the monthly membership meetings, Board meetings and through a private on-line membership discussion forum. While discussions provide the framework for actions and the direction of the Club, it is the Club's by-laws that are the foundation for the club and its members. Though there are several rules, the most important ones are those for the safety of event participants and to protect the environment and trails we utilize.

We are anticipating another year full of events including the annual trail clean-up event, the Board BBQ in July along with monthly trail rides and more. The Two Trackers Four Wheel Drive Club is made stronger and more enjoyable by the volunteering and participation of its members. Your involvement is necessary to continue our efforts in building a diverse library of trails, educating and demonstrating responsible off-road driving and preserving the current network of trails for our use and the use of future generations.

In an effort to build a stronger, common voice, our club pays membership fees so you, as a member of the Two Trackers, are also a voice on both a regional (Great Lakes 4WD Association) and national (United 4WD Association) level. Newsletters, websites and on-line forums provided by the Two Trackers as well as these organizations are our means of staying informed. Your home mailing address is provided to these organizations as part of your membership. If you prefer not to release your address to our partner organizations, please inform the Club's Membership Director to withhold your personal information. By no means does this action impact your annual dues.

If you feel strongly about a topic that has or will be impacting off-road driving, please feel free to share your thoughts and ideas at one of our club meetings or by visiting our website at www.twotrackers.org. Thank you!
